

The UK's best value Soft Ice Cream Machines

Malibu 141 soft ice cream machine

- High over-run beater increases profitability.
- Super quiet operation.
- Very easy to operate.
- Easily switch between ice cream and yoghurt mode.
- Refrigerated tank eliminates the need for daily cleaning.
- Low level mix light.
- Energy efficient, low running costs.
- Compact size.
- All stainless steel cabinet for durability and easy cleaning.
- Larger barrel gives more consecutive cones to serve customers faster.
- Touch panel allows the operator to control the consistency of the ice cream.

Malibu 141

Malibu 300G soft ice cream machine

- New high output, counter-top model.
- Will dispense over 20 consecutive cones!
- 300 cones per hour. You could pay 3 times more for this output!
- Plugs into standard 13amp socket, no special wiring needed.

Malibu 300G
